	B		M	M			

Reminder to Eastern Freestyle members:

All "A" half pipe and air events are open to all USSA athletes. If a competitor holds a full competition license they will be scored to the national points list in these events.

"B" athletes qualify to specific regional finals based on their mountain affiliation. Please read the Eastern section of the USSA Competition Guide for more information. Having said that, when the first points list is posted on Eastfree in January, please be sure to check your regional assignment. Please remember though that "B" athletes from any region are welcome at ALL "B" events and will be scored to the points list for all "B" meets that they compete in.
