**Year-Round Dry Slope Training
Venue at Snow's Mountain**

WVBBTS Athlete - Brendan Wall

“Year-round training is crucial to athlete development”

Hannah Kearney, 2010 Olympic Gold Medalist & WVBBTS Alumni

The WVBBTS Dry Slope Training Venue at Snow's Mountain, located on the campus of Waterville Valley Academy, is a 275' jumping venue that utilizes artificial snow and the WVBBTS BagJump airbag to train athletes year round in conditions of increased safety.

For snowboarders and freestyle skiers, learning a new trick in a safe environment is key! The first of its kind on the East Coast, the year round training venue has two take-offs to accommodate beginner

and advanced athletes as they launch into the air and land safely on the 50'W x 50'L x 13'H. Athletes slide down the exit area of the airbag, get coaching feedback, then hike back up to do it again.

From November through March, the WVBBTS BagJump and Dry Slope Training Venue at Snow's Mountain is used exclusively by WVBBTS and Waterville Valley Academy athletes. A full schedule of training camps will be available for Spring - Fall of 2012.

Facts:

- Year-Round training venue for freestyle and snowboard athletes
- A WVBBTS master plan initiative
- New site of Phil's Hill
- Skill qualification venue
- Dry slope's total length = 275'
- Construction starting September 2011
- Dry slope construction cost is approx. \$125,000
- Multiple jumps – beginner and advanced
- BagJump airbag for safe, soft landings
- BagJump dimensions - 50'W x 50'L x 13'H
- Venue opening fall 2011
- Dry slope training venue at Snow's Mountain spring through fall
- On the mountain at Waterville Valley Resort in the winter
- WVBBTS / SEF trained 407 individual athletes last season
(31% are freestyle and snowboard athletes)
- Full Summer Camp Schedule for 2012
- Local alternative to expensive long distance training
- WVBBTS / SEF the BEST snowsports organization in the East
